PROJECTS

BlogKit

Blog app with rich text, real-time preview, likes, and user-friendly navigation, showcasing full-stack expertise for seamless blog management and user engagement.

WhatsApp Clone - Chat Application

Chat app with Secure user authentication, MongoDB message storage, and responsive React messaging with data privacy and efficiency.

Simon Says

Classic Simon Says memory game - Easy, Medium, and Hard levels, interactive design, sound effects, a fun showcase of coding skill and creativity

BuyWithPulkit

Elevated the previous basic HTML and CSS Amazon-like clone into a dynamic ReactJS web app, showcasing improved user experience, interactivity, and personal growth in web development.
